Club History

Metropolis Country Club was established in 1922. The original 18 hole golf course, designed by Herbert Strong, was later expanded when the noted golf architect A. W. Tillinghast redesigned the course, adding the current 7th, 12th, 13th and 14th holes.

Master Plan

Metropolis Country Club is in the process of implementing a master plan restoration that will be prepared by Forse Design. It is our intent to restore the course to its original design. The plan will include a total bunker restoration, new forward tees / tee reconstruction and extensive tree removal. Future plans include a new maintenance facility and irrigation system.
